HELP HER STAY IN SCHOOL AND RESTORE HER DIGNITY

This program involves the distribution of free sanitary towels and offering Adolescent Sexual Reproductive Health Education and Menstrual Hygiene Management among school going girls in Community and Rural Schools in Zambia. With a target of 1000 girls this year, this program intends to help these girls stay in school with the aim of reducing absenteeism, teenage pregnancy and improve school performance and participation among the girls.

MILESTONE:

With the support from the Faith Arise management team, the Board of advisors and our esteemed donors and partners, on 15th June, 2019, Faith Arise held a second distribution of sanitary towels to 100 girls at Chainda Open Community School to cover their sanitary needs for the second term. We are hopeful that with increased support and donations, we would be able to meet our target of distributing towels to one thousand girls in rural and urban Zambia.

TEEN MOMS EDUCATIONAL, MENTORSHIP AND EMPOWERMENT PROGRAM

The Faith Arise Teen Mothers Educational, Mentorship and Empowerment program is designed to mentor teen mothers and empower them with survival entrepreneurial skills in baking, handcraft making and tailoring and designing. Through this program, Faith Arise will facilitate the process of sending these teen mothers back to school and ensuring they advance their education.

MILESTONE:

In the month of May, we were able to make final payments towards the school fees for all our girls. We are happy to inform you that the four girls namely; Everlyn Chiseko aged 18, Felistus Simenda aged 17, Veronica Mweemba aged 18, and Cathrine

Beenzu, were successfully placed in Grade 6 and 8 at Chainda Open Community School and have now settled in completely.
