

## MARCH NEWS LETTER

### OUR PROJECTS:

#### HELP HER STAY IN SCHOOL AND RESTORE HER DIGNITY

This program involves the distribution of free sanitary towels and offering Adolescent Sexual Reproductive Health Education and Menstrual Hygiene Management among school going girls in Community and Rural Schools in Zambia. With a target of 1000 girls this year, this program intends to help these girls stay in school with the aim of reducing absenteeism, teenage pregnancy and improve school performance and participation among the girls.

## MARCH NEWS LETTER

### MILESTONE:

With the support from the Faith Arise management team, the Board of advisors and our esteemed donors and partners, on 12<sup>th</sup> March, 2019, Faith Arise distributed sanitary towels to 100 girls at Chainda Open Community School. The team was welcomed by the guidance teacher; Mrs. Masabo.

In partnership with Copper Rose Zambia, we had a one hour session of ASRH Education and Menstrual Hygiene Management. The girls were happy to receive the sanitary towels and hoped that this gesture will continue.

Some of the girls confirmed that they usually missed 3 to 6 days of school every month during their menstrual period due to a lack of sanitary towels.

The teachers also expressed their gratitude for the donation and hoped that we would increase the number of beneficiaries to 300 girls instead of the 100 we had targeted. We are hopeful that with increased support and donations, we would be able to meet our target and beyond soon.

### OUR NEXT DISTRIBUTION ANNOUNCEMENT:

We have set May as our next target month for the next distribution. This will be at a rural school to be identified. We hope to

## MARCH NEWS LETTER

distribute re-usable sanitary towels to 300 girls at a rural school in May. This will be at a cost of K60 for a pack of five (per girl). We are aiming to raise K20, 000 for this purpose.

### TEEN MOMS EDUCATIONAL, MENTORSHIP AND EMPOWERMENT PROGRAM

The Faith Arise Teen Mothers Educational, Mentorship and Empowerment program is designed to mentor teen mothers and empower them with survival entrepreneurial skills in baking, handcraft making and tailoring and designing.

Through this program, Faith Arise will facilitate the process of sending these teen mothers back to school and ensuring they advance their education. As Faith Arise, we believe that every child, and every girl deserves a second chance to education and we are hopeful that through this program, we are giving the girls an opportunity to improve their livelihoods and that of their babies through education, mentorship and entrepreneurial skills acquisition.

### MILESTONE:

With the support from the Faith Arise management team, the Board of advisors and our esteemed donors and partners, we have been able to place for teen moms back into school. We are happy to inform you that the four girls namely; Everlyn Chiseko aged 18, Felistus Simenda aged 17, Veronica Mweemba aged 18, and Cathrine Beenzu, have been successfully placed in Grade 6 and 8 at Chainda Open Community School.

We are hopeful that with consistent mentorship and support, these girls have a
